# OUR MIDSUMMER SALE.

House-cleaning in August may not be good domesticity but it's good merchandizing. We're promised 2 1/2 months, full 80 days of warm weather yet, so the seasonableness of our goods can't be disputed. You need coxwing, we need money. Therefore we're going to convert stock into cash by offering price inducements you can't resist. It's easy enough to sell the "cheap" cheap, but we're selling the good cheap. Key your expectations to the highest, then come. This is a sale to move accumulated stock, not to make a profit. Begins Monday, August 12th, ends Saturday, August 17th.

There are some mighty good lawyers who agree with the **LEDGER** that a saloon-keeper is ineligible to a seat in Council, by reason of his "contract" with the city.

SENATOR DEWE has scored one decided victory. He has had a poor widow removed from the Postmaster's office at New Castle and a man appointed in her place. And, as AN CARROLL would say, he "done it" in the face of strenuous opposition.

The Evening Bulletin thinks the workingman would buy his granulated sugar 2 cents a pound cheaper than he now does if it were not for the "Trust." Well, sugar is much cheaper now than it ever was under the independent refinery system. It is selling at about 5 1/2 cents a pound for the best refined article. The grocers charge about 4 1/2 cents for the raw sugar, just as it comes from the plantation. The refiner gets about 1 1/2 cents a pound for refining it, with all its attendant expenses of shipment, freight, etc. If the price were lowered 2 cents per pound, it would give the refiner out altogether; and part of the reduction would come off the planter. Or does The Bulletin want to wipe out the poor planter also?

The stock of gold in the United States Treasury is now the largest in the history of the Government, being \$504,354,297, an increase since July 1st last year of \$81,000,000. This is in strong contrast with the condition of the Treasury only about seven years ago, when it was about at the vanishing point. As a matter of fact, at this critical moment a number of sub-Treasuries were hastily called upon to remit by express what they had to New York, resulting in \$12,000,000 being forwarded. If any considerable part of this amount had miscarried or been delayed twenty-four hours the Government would have been compelled to have defaulted in its demand gold payments for the time being at least.

A daughter of Mr. and Mrs. Joseph Aikman of Lee street is ill with scarlet fever.

The free attractions alone at the Mayville Elks Fair would cost you a dollar elsewhere. Only 25 cents admits you to these and to everything else at the Fairgrounds. The Pan-American Midway will be on Market street from forenoon and evening during the Fair, September 4th, 5th, 6th and 7th. Half fare on all railroads.

The County Attorneys of the state, in session at Grayson Springs, have organized under the name of the Kentucky County Attorneys' Association. W. O. Davis of Woodford is President; Sam C. Molloy of Lyon Vice-President; R. C. Simmons of Kenton Treasurer; T. W. Thomas of Warren Secretary. The Association will meet next August at Batall Mills.

## DIAMONDS!

Our prices are unchanged. We could go into the markets today and sell our Diamonds at wholesale at prices we are retailing them for. We prefer to give the people here the benefit of the LOW prices we are offering them for.

## FINE WATCHES!

The Trusts are gradually going after the watch factories; therefore, a word to the wise is sufficient. Now is the time to buy a Watch and we are the people to buy from. Come let us show you how cheap we will sell you a good Watch.

## RIVER NEWS.

The river is falling again at Pittsburgh.

The recent rise out of the Kanawha was a great benefit to the packets.

The Bonanza will be up tonight for Pomeroy in place of the Sunbeam.

A little over 1,000,000 bushels of Kanawha coal will pass down for Cincinnati and Louisville.

Mrs. P. Lallance has been elected an honorary member of the Cincinnati Pilots' Association.

The members of Harbor No. 25 expect to leave Pittsburgh next week on their annual trip down the river to study the sandbars and become familiar with the river during its low condition. They have chartered a lighted tug, the "Harbor," and will be piloted by the steamer named after the Harbor. Last year the pilots succeeded in reaching Cincinnati after having numerous experiences.

There is but one life-saving station on the Ohio river, and that is stationed at the falls below Louisville. It belongs to the United States Life Saving Service, and is one of the 200 stations which are distributed about the United States, protecting about 50,000 miles of coast. They are distributed as follows: 194 on the Atlantic coast, 58 on the Great Lakes, 16 on the Pacific coast and 1 at Louisville.

Unless the great steel strike comes to an end very soon there will be trouble in the completion of steamboats now under way at the boatbuilding plants on the Ohio and other rivers. The United States law governing the manufacture of boiler steel is so constructed that makers are not allowed to keep it in stock, and every steel made is required to be tested before being worked into the boiler. At the time the boiler sheets are of the markets, and boiler makers can hardly find enough that has stood inspection to fill orders for repair work.

**TO BE DEPENDED ON.**  
Because it is the Experience of a Mayville Child and Can Readily Be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is natural consequence of experience; it is like a ship in a strange port—a trusty pilot familiar with the harbor is called upon to bring her safely to her moorings. So it is with industry; we doubt the savings of people living at distant points because we can't investigate, but public expression of local citizens can be depended upon as an easy matter to prove it. Evidence like the following is beyond dispute.

Mrs. R. R. Housh of 394 Forsyth avenue says:

"Doan's Kidney Pills quickly relieved Mr. Housh of backache, which has been a source of discomfort to him for some time. I procured the remedy at J. J. Wood & Son's Drugstore, corner of West Second and Market streets, and its proven value is so great that it should be known throughout the world."

## STRIKE SITUATION

The Great Deweese Wood Plant at McKeesport Will Be Demanded and Removed.

### THE ORDER CAUSES GREAT SURPRISE.

President Gompers, of the American Federation of Labor, issued a Formal Statement.

He Specifically Pledges His Assistance to the Moral and Financial Support of the Amalgamated Men.

Pittsburgh, Pa., Aug. 10.—There are grave important developments in the strike situation. The United States steel corporation must actively in its strike against with a peremptory order directing that the great Deweese Wood plant at McKeesport be dismantled and removed to the Kiskiminetus valley. President Gompers, of the American Federation of Labor, after a two days' conference with President Shaffer and his associates, issued a formal statement specifically pledging the Federation to the moral and financial support of the Amalgamated. His written order of the Federation, leading to the industrial quarrel existing in the course of the Amalgamated association, and declares that nothing remains but to battle for the cause of miners.

The publication of the order to dismantle the Deweese Wood plant was a great surprise, and McKeesport received it at first with distrust. Preparations are being made for the dismantling of the mill, and there is little room for doubt that it will be torn down and removed, also. The strike leaders heard the order in a spirit of defiance. They simply said that it showed the Federation was not a strike breaker, and that it could not reopen the plant.

National Tube Co. Plant.—The steel officials declined to give any reason for the order, but it is openly stated here that the pro-union sympathy of officials and the officials at McKeesport with the strike are responsible for it. It is also said that the plant of the National Tube Co. at McKeesport will be closed, and the old Carnegie plant for a time plant at Connetquot, O., revived.

The Deweese Wood plant was founded about 40 years ago, and is one of the best known plants in Pennsylvania. Its yards and mills cover between 12 and 15 acres, and employ 1,200 men at its busiest times, and its cost is placed at \$500,000 by officials of the steel corporation.

### THE GENERAL STRIKE ORDER.

It is Estimated That 125,000 Mill Workers Will Be Idle Next Monday Morning.

Pittsburgh, Pa., Aug. 10.—In well informed quarters here there is still doubt as to the men and properties that will be affected by the strike order of President Shaffer. The mill managers say that the first working on Saturday and Sunday will be far under the claims that are being made by the Amalgamated association. President Shaffer would not talk figures, but his associates were positive that their first claims were correct. The final appeals to the men were made at the general meetings held Saturday, at which President Shaffer and the other leaders were the speakers. The strike managers are claiming that there will be the greatest series of labor demonstrations ever held in this country. One estimate prepared here says that 125,000 men are now idle under the first strike call, and that the general call will increase the number to 125,000. Continuing, the estimate says:

**The Plants Affected.**  
The National Tube Co. has 70,000 workmen, the Federal 18,000, while the National Steel has 12,000, making a total of 125,000, as follows: Skilled men now out, 20,000; others who are idle as a result of the strike, 45,000; National Tube Co. employees, 30,000; Federal Steel Co., 15,000; National Steel Co. employees, 12,000; total, 125,000.

"The plants which will be affected are the American Tube Plate Co., American Steel Hoop plants, American sheet steel plants, the Carnegie and Wire Mills, Federal Steel Co. plants, and National Tube Co., Ohio will have 25,000 idle men, Pennsylvania 17,000, Indiana 10,000, Illinois 30,000, making a total of 82,000. New York, Michigan, West Virginia, Wisconsin, Iowa, and other states will have 43,000 idle men. It is impossible to estimate how many men will be indirectly affected."

### THE MARINE STRIKE.

The Cooks, Waiters and Bakers of the Pacific Coast Steamship Co. Walk Out.

San Francisco, Aug. 10.—The marine cooks, waiters and bakers walked out. There were 70 of them, 40 of whom were employed by the Pacific Coast Steamship Co. The steamship owners say that they can easily secure men to take the places of the strikers. Unless the steamers' union objects the board of public works will begin to clean the streets Sunday, employ teamsters who have been out of work. Three vessels left port with non-union crews.

## THE POMEROY MILL.

Manager Zeller Asks the Mayor For Protection in Case He Starts Up With Non-Union Men.

Pomeroys, O., Aug. 10.—Manager Zeller, of the local iron mill, says he will endeavor to start the mill Monday.

For several days he has been interviewing strikers, and his declaration that the mill is to start would seem to indicate that he has persuaded some of them to return to work.

He asked May—Long if police protection will be afforded if the mill is started with non-union men. The mayor said that no such protection could be afforded, and that he would do what he could to prevent non-union outsiders from taking the place of strikers working in the mill.

Mayor Long says that if an attempt is made to start the mill with non-union men and trouble results he will send in the police. He is not, however, as a special police to enforce the peace. They will be instructed, he said, to preserve order even if it is necessary to arrest every non-union man that comes to town.

### TOWN LOTS IN LAWTON.

They Are Selling For a Figure Which Exceeds the Most Cautious Predictions.

Fort Hill, O., Aug. 10.—Town lots in Lawton are selling for a figure which exceeds the most cautious predictions. The average bid for lots sold was \$300. The first offer in the block north of the first corner sold for \$600, and the average for the first five lots sold was \$600. A combination was formed to change the business center of the town to the street running one block north of the corner and land owned. The two national banks bid for lots along the street, and the lot on the corner was sold to the first national bank, now doing business in a small tent, for \$100. But the effort to attract the town failed, for the price of lots increased as the land office block was approached. In two days the two national banks have received bids aggregating more than half a million dollars.

The most confident among those who predicted great profits for Lawton placed the aggregate amount of the sale of town lots at a maximum figure of \$200,000.

### WANT PROTECTION.

Hawaiians Ask That a Heavy Be Imposed on All Coffee Imported From Other Countries.

Washington, Aug. 10.—The interior department has received a resolution passed by the Hawaiian legislature praying that congress impose a duty on all coffee imported from other countries, "in order to protect the industry in Hawaii and other parts of the United States."

The resolution will be forwarded to congress for the special session. It says that the coffee industry in Hawaii is now in a depressed condition, and is threatened to be abandoned on account of low prices and restriction of protection. All coffee imported into the republic of Hawaii before the annexation and the large amounts imported into the United States from Brazil, Mexico, Central America and other countries free of duty. The resolution refers to the large coffee area, the great abundance of coffee in Hawaii, and the inability to compete with the low prices where cheap labor is employed as in the countries mentioned.

### THE LIMESTONE OUTPUT.

Another Great Industrial Combine of Interest to Iron and Steel Enterprises Forming.

Newcastle, Pa., Aug. 10.—Another great industrial combination of special importance to iron and steel enterprises of the country is now under way.

The object is to place with one corporation control of the limestone output in this section. It is one of the most important of the limestone blast furnaces of the United States steel corporation about their Pittsburgh mills, and Bessemer steel. The United States Iron and Steel Co., Pittsburgh, most of whom are stockholders and others in the steel trust, are promoting the enterprise. It is estimated that fully \$1,250,000 have been expended. Every quarter of consequence and every limestone tract in central and western Pennsylvania and eastern Ohio have been, from all reports, gathered by the combination.

### BUSINESS PORTION BURNED.

Fire Originating in An Elevator Destroyed Property to the Amount of \$100,000 at Hamilton.

Champaign, Ill., Aug. 10.—The entire business portion of Hamilton was destroyed by fire. The Marlin house in the only building in the business section that escaped. The fire originated in a grain elevator. Among the buildings destroyed was the post office, depot, Masonic temple, New hotel, the opera house, and both newspaper offices. While much of the contents of the stores were saved the loss will exceed \$100,000. The insurance will fall far short of the loss.

### A Negro Hanged.

Bonnettsville, S. C., Aug. 10.—Jim Harris, a Negro, was hanged here for the murder of Capt. Amos Carter, captain of a chain gang in which Harris was serving.

## ANNUAL REPORT.

During Last Fiscal Year There Were Settled 6,695 Accounts by the Navy Department.

### AMOUNTS ALLOWED WERE \$74,699,116.

Nearly Twice the Number of Price Claims Were Settled This Year as Were Last.

The Number of Bounty Claims For Destruction of Enemy's Vessels Will Amount to About Six Thousand.

Washington, Aug. 10.—The annual report of the auditor for the navy department shows that during the fiscal year ending June 30, 1901, there were settled 6,695 accounts and claims. During the same period there were examined 193,058 vouchers, as against 147,474 in the previous year, while the amounts allowed were \$74,699,116, as against \$61,571,000 for the fiscal year ending June 30, 1900. This shows an increase of more than ten per cent. of amounts allowed. There were 1,000 vouchers examined over last year, and 58 per cent. over the fiscal year 1899, and an increase of allowances over last year of \$12,575,115.

The decrease in the number of claims settled is attributable to the fact that in 1900 there were over 8,000 "two months extra pay" claims settled in addition to the Spanish war. Nearly twice the number of price claims were settled this year as there were last. The distributive lists of 22 prizes have been prepared, in which 55 vessels of the navy participated. These claims are well up to date.

**Price Money Expenditures.**  
Judgments, "bounty for destruction of enemy's vessels," have been received from the court of claims for Manila bay, May 1, 1898; Nanjanillo, June 21, 1898; and Nipao, July 4, 1898, and the court of claims, July 4 and 5, 1898, in which 24 vessels are interested. The list of the first has been prepared for distribution, the remaining one great list has been prepared with all possible speed. The number of these claims will amount to about 6,000 all told.

The expenditures on account of prize money to captors, Spanish war, amounted to \$100,218, leaving an unpaid balance of \$13,927.

The navy department's deficit from new amounts to \$37,240, the total deposits having been \$2,301,500, and the repayments \$1,864,262.

### THE PRESIDENT'S DAY.

Arrangements Having Made For McKinley's Visit to the Buffalo Exposition.

Canton, O., Aug. 10.—Arrangements were made here for a "President's day" at the Pan-American exposition, President J. G. Milburn Mulburn and Director General W. L. Buchanan, of the exposition, Mayor of Buffalo Diehl, and John L. Scattered here for that purpose. They were met at the station by the president's carriage and taken to the Elks club for lunch. They spent most of the afternoon at the McKinley home. Besides selecting the date named, it was arranged that the president should leave here Wednesday morning, September 4, and reach Buffalo the same evening. The full program is to be worked out in detail later, but opportunity will be provided for the president to see the exposition complete and to the best advantage both day and night. Thursday will be largely given over to the special program for "President's day," with parades, possibly speaking and other features. Friday the presidential party will spend at Niagara falls. The day of the trip will probably be spent at the exposition, and leave for Cleveland Saturday afternoon or evening, and remain in Cleveland until the Army encampment of the Grand Army of the Republic, September 5, 1901. The trip will be made by train.

### LAND LOTTERY.

Contract Sold Against Jas. R. Woods, the First Winner in the Lawton (O. T.) District.

Fort Hill, O., Aug. 10.—Three additional contracts will have been sold against James R. Woods, the first winner in the Lawton district land lottery, which in choosing his claim was in the second of his remaining on a tract next to Lawton. A local town site company staked out Wood's entry and stretched ropes to indicate the lots and gave notice to the Woods' attorneys. Wood's displaced with the aid of an ax, but during the night 200 squatters took possession, and they will contest the case. Woods' attorneys have warned the squatters to move within ten days. A fourth contest was inaugurated when a placer miner's claim based on the alleged discovery of oil in the Woods' homestead was filed with the register of deeds.

**Cleveland's Double Deal.**  
Chicago, Aug. 10.—Detective Frank Bolle, known as the "Crover Cleveland's double" on account of his resemblance to the former president, died here of heart disease. He was about 35 years old and a veteran of the civil war.

### Business Failures.

New York, Aug. 10.—Business failures in the United States number 185, as against 100 last week, 178 in this week a year ago, 154 in 1899, 137 in 1898, and 218 in 1897.
